How would you like to join our world?

For those of us with a spirit for adventure, a taste for luxury and a desire to see the four corners of the Earth, *The World* holds a powerful attraction.

Some of us find it more convenient to own an apartment aboard *The World* than to buy another holiday home. Here we have our own things around us. We come and go as we please. The scenery changes. We travel light.

Others of us prefer to rent a home onboard, choosing the times and destinations that suit us best.

Whichever you choose, you will enjoy being one of us.

All of us enjoy a lifestyle that is as comfortable as we can make it, with an excellent crew, caring staff and extremely comforting security.

You can only understand *The World* – the sheer quality of life – by seeing it, and enjoying it for yourself.

Why not join us?
