

The World's Oldest Gaming Club

William Crockford was the founding father of the exclusive Mayfair private members gaming club. In 1828, he established Crockfords of St James on the principles of fine dining, opulent surroundings and select membership, enjoying the patronage of the Duke of Wellington as the most senior and influential member. Over 175 years later, that heritage is proudly maintained in the elegant 18th century building that is Crockfords of Curzon Street.

With its modern dimension and the same warm welcome as Crockfords, The Colony is one of the most impressive Casinos in London. A stylish and airy gaming floor, gracefully curved lounge bar and exceptional restaurant await you within The Colony's walnut panelled walls.

We are pleased to offer complimentary membership to all readers of
The Wealth Collection
